RE: **Docket# 98P-0151/CP1**  
**Downed Animals Act**

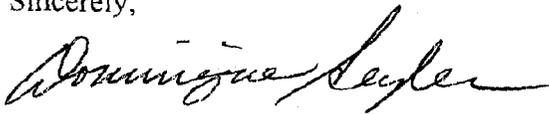

Gentlemen:

I am contacting you in support of not using "downed" animals for the food industry. These injured/dying animals are brutally treated all the way to the slaughterhouse.

These poor animals should be treated humanely and it is absolutely disgusting and cruel what is really happening to them!

I urge you to please support and enforce the protection of these "downed" animals and to have them euthanized humanely when they are dying.

Sincerely,

Ms. Dominique Seyler
